

# **InSight<sup>®</sup> EQA**

# External Quality Assessment (EQA)

External Quality Assessment (EQA) of laboratory equipment is required by the RCVS Practice Standards Scheme and is recommended for any practice with in-practice analysers.

In conjunction with the SRUC (Scotland's Rural College), Woodley Equipment are proud to introduce a 'true' External Assessment with...

# **InSight<sup>®</sup> EQA**

**A certified independent External Quality Assessment scheme enabling you to provide the best possible care**

**FOR BIOCHEMISTRY, ENDOCRINOLOGY, BLOOD GASES, HAEMATOLOGY, COAGULATION & URINE CHEMISTRY**

## WHY USE EQA?

- Maintaining and improving analytical quality
- Improving inter-laboratory agreement thus raising standards
- Detecting equipment failures and identifying reagent problems
- Reviewing staff training
- Initiating and evaluating corrective actions
- Comparing different analytical methods
- Compliant with the RCVS Practice Standards Scheme

## INDEPENDENT OF ALL ANALYSER MANUFACTURERS

**"PASSIONATE ABOUT LABORATORY DIAGNOSTICS"**

# WHY CHOOSE *InSight*<sup>®</sup> EQA

- InSight EQA is an internet based EQA scheme for biochemistry, endocrinology, blood gases, haematology, coagulation and urine chemistry
- InSight EQA provides a 'true' external assessment by comparing results from multiple analysers of the same make and NOT just with a reference laboratory analyser
- InSight EQA is independent of all analyser manufacturers
- Flexible scheme so you choose which analytes to assess

## *InSight*<sup>®</sup> EQA IS A 'NOT FOR PROFIT' SCHEME IN CONJUNCTION WITH SCOTLAND'S RURAL COLLEGE (SRUC)

SRUC carries out academic and government funded not-for-profit business and is committed to excellence in the advancement, communication and translation of knowledge throughout the rural sector.

It leads on innovation and sustainable development in agriculture, land and the rural sector.

Profits from the SRUC's commercial business, including External Quality Assessment are used by SRUC to support the not-for-profit businesses, such as SRUC's farming for a better climate which provides practical support to farms to reduce their impact on the climate and the animal behaviour and welfare team who work on understanding behavioural development and create methods of welfare assessment.

For further information on SRUC's activities visit:

**To enrol, complete the form on the rear page &  
email to [sales@woodleyequipment.com](mailto:sales@woodleyequipment.com),  
phone Woodley Equipment on 01204 669033 (Option 1)  
or fax back to 01204 669034**

# THREE SIMPLE STEPS

1. We send you a sample to analyse each month
2. You upload the results via the VetPortal
3. Within 7 days of the close of the reporting period, you can download reports comparing your results against identical analysers and all participants

## TAILORED TO SUIT YOUR PRACTICE

InSight EQA offers monthly EQA programmes for biochemistry, endocrinology, blood gases, haematology, coagulation and urine chemistry.

## YOU CHOOSE WHAT YOU WANT TO TEST

You choose which analytes you want to include in your assessment to suit your requirements.

## WHATEVER THE SPECIES

InSight EQA can cover analytes specific to companion animal or farm species and samples are designed to mimic the performance of a patient sample.

## HELPING YOU WITH QUALITY CONTROL

InSight EQA provides an indication of your analyser's accuracy and precision complementing your internal quality control.

## WHAT'S IN THE REPORT WE SEND BACK TO YOU?

A quick reference summary page providing an overview of your performance for each parameter.

- Number of participants
- Mean
- Standard deviation (SD)
- Standard deviation index (SDI)
- Running mean of the SDI
- % deviation from the mean
- Running mean of the % deviation from the mean
- Coefficient of variation
- Levey-Jennings and % deviation from the mean charts allowing quick and easy identification of any trends or bias
- Histogram showing the spread of all results

Our reports are sent promptly to your QA Manager so that you can address any problems should they arise.

## CERTIFICATION

We send out certificates at the end of each yearly cycle if your return rate is over 50%.

**To enrol, complete the form on the rear page &  
email to [sales@woodleyequipment.com](mailto:sales@woodleyequipment.com),  
phone Woodley Equipment on 01204 669033 (Option 1)  
or fax back to 01204 669034**

## The current standard prices to register for InSight EQA are:

Cycle runs from 1st April - 31st March in any given year.

Prices are reduced pro-rata for practices joining midway through the cycle.

- Biochemistry only at a single site (up to 4 analysers): £200+VAT/year
- Haematology only at a single site (1 analyser): £200+VAT/year
- Biochemistry and Haematology at a single site (up to 4 Biochemistry and 1 Haematology analyser): £300+VAT/year
- Blood Coagulation: £45+VAT/year
- Urine Chemistry: £12+VAT/year

Note that if a practice has a biochemistry analyser and a separate electrolyte analyser at the same address, for charging purposes they are considered as one analyser, although separate reports will be issued for each analyser.

However, if samples are posted to a practice and they choose not to return results that month, no credit will be provided.

**To enrol, complete the form below & email to [sales@woodleyequipment.com](mailto:sales@woodleyequipment.com) or phone Woodley Equipment on 01204 669033 (Option 1)**

## **InSight<sup>®</sup> EQA ENROLMENT FORM**

<b>Practice Name:</b>	_____	<b>Contact Name:</b>	_____
<b>Practice Address:</b>	_____	<b>Position/Job Title:</b>	_____
	_____	<b>Email Address:</b>	_____
	_____	<b>Tel No:</b>	_____
	_____		
<b>Postcode:</b>	_____		

On receipt of this request, a more detailed Registration Form will be emailed to gather analyser information.
