AliveCor® Veterinary ECG/Heart Monitor

An ECG device as mobile as you are

Veterinary ECG/Heart Monitor is designed to snap onto your iPhone like a case and wirelessly communicates with the AliveECG Vet app. Once partnered with the ECG monitor, it transforms your iPhone into a clinical-quality, single lead ECG recorder.

Alternatively, the Universal Adapter (adhesive electrode) option can attach to most smartphones.

FEATURES

• Easy to Use

No stress or shaving required in the majority of animals

• Powerful

Leverages the power, display and communication capabilities of your iPhone/Smartphone

• Accurate

Veterinary testing demonstrates accuracy in rate and rhythm compared to traditional devices

• Accessible

Securely store ECG notes and patient information on the device and in the cloud

• Convenient

Screen a wide variety of animals quicker and easier during wellness and sickness exams, in addition to preoperative and diagnostic work-ups

• Valuable

Exceptional value for money for all clients

1. Device

Veterinary Heart Monitor

Snap onto your iPhone® like a case and wirelessly communicates with the app on your phone. No pairing between your iPhone® and the Heart Monitor is required.

2. The App

AliveECG Vet

The AliveECG Vet app is available for free download from the Apple® App Store. Once in the app, create an account and you're ready to begin recording ECG's.

3. The Web

AliveCorVet.com

AliveCorVet.com provides you with anytime, anywhere, secure online access to all of your uploaded ECG's. You can create an account that gives you access to your personal ECG hub where you can analyse, print & share your ECG's.

Compatible With:

- Cases fit iPhone 4/4S/5/5S/6/6S/SE/7
- Universal Adapter fits most Smartphones
